

Dangerous Goods Packaging

If anyone CAN - we CAN!

Dangerous Goods Packaging

Our products for dangerous goods are intensively checked to protect the environment from dangerous goods and to make sure that no external influences can harm your products. „Safe“ shipping to our customers by truck, train, ship or plane is ensured.

Our experts will be happy to help you with any questions you may have pertaining to dangerous goods packaging. Special can sizes are possible on request.

Unrestricted suitability for all filling goods cannot be guaranteed; this must be verified by the user through their own preliminary tests. The stated application groups serve solely as a legally based guideline.
